OUR MESSAGE IS UNIVERSAL, CROSS CULTURAL AND GENERATIONAL..

AS WELL AS OUR PANELISTS AND AUDIENCE

Our mission is to tap into and share the vast amount of knowledge, wisdom, philosophical, spiritual, and intellectual expertise that exist within our collective communities.

ETERNAL HOPE - ETERNAL HOPE - ETERNAL HOPE

OUR GOAL IS TO HEAL, MOTIVATE, AND TEACH OUR AUDIENCE WITH THE INTERNAL COACHING NEEDED TO CREATE THEIR EXTERNAL GOALS AND VISIONS.

How do we overcome our doubts and fears that have impeded our journey? We tackle all these challenges with loving honest conversations about life, health, success and happiness.

Pursuit of Greatness exists to not only provide the intellectual mindset of a champion but most importantly the heart and soul of a champion. Thoughts, words, and feelings guide our actions thus learning to harness these components are imperative to our peace, productivity and our life's purpose.

OUR APPROACH

As a solution based podcast we utilize the expertise and life experiences of highly successful professionals from the business, educational, health and well being, spiritual, and sports arenas.

Each podcast is designed to provide answers to questions such as. If we are all products of our environment meaning the people we encounter, the experiences we have and the cultures we grew up in then how do we expand our environmental influences?

How do we heal from the negative impacts of our environmental influences and live a healthier more productive life?
